

## SierraSoap AS

**OVERVIEW:** SierraSoap AS is the first in a group of Ammonium Stearate products produced by Ascent. Most often used in textile formulations, SierraSoap AS provides the desired color stability and foam properties necessary to achieve the high-quality fabric coating and treatments demanded by the textile industry. SierraSoap AS contains excess ammonia beyond that required in the product reaction. Ascent produces Ammonium Stearate products with much lower levels of excess  $\text{NH}_3$  for those who need this feature.
