

## SierraSurf DOSS 70 DEG

### OVERVIEW:

Sierra Surf DOSS 70 DEG Special is a powerful, versatile, and economical wetting and foaming surfactant used in a wide variety of industrial applications. It is considered to be one of the fastest wetting agents and is an effective penetrant when used in household and industrial cleaners. The 70 DEG version uses DEG as the diluent to raise the flash point and eliminate flammability concerns. DEG diluent also makes the product easy to disperse into cold water. In Textile application, SierraSurf DOSS 70 DEG is a powerful wetter & re-wetting agent for cotton and blends.
